Charlie:

I think it's about 5 weeks. I was told as usual that an "electronic discharge form" will be sent to me once it gets close to U.S. and we can know better by then. I will forward to you.

Regards,

Mike

Any way to track when the material is to arrive in US port, then to Indiana?

Thks

Charlie

Subject: 1st 5 tons shipment to U.S. from China

Hi, Charlie and Tina:

Attached pls find the final invoice of our 10 tons sea shipment to U.S.. The 1st 5 tons has left China yesterday. YFL will start working on packaging the 2nd 5 tons, we expect the 2nd 5 tons will go out in 2 weeks, within July. If for some reason, it can't go out in July, invoice might be changed a little bit due to different shipment cost from month to month. Pls issue this PO now. Can we try to shorten the payment time, given what has happened on the 1st PO?

Also I include the packing list, bill and commercial invoice for your reference. I think I have shared with you before. Pls inform Rob M. to be ready for this shipment. BSC is supposed to take care of the import, custom clearance related fee and paperwork.
